

Recommended Qualification Structure for Piling Attendant (Construction) Level 2

This structure has been recommended by employers and stakeholders from the above occupational area for organisations to form the basis of academic capability and competence outcomes. Qualifications with a competence outcome at the above level must have units derived from the following National Occupational Standards (NOS) and consist of the mandatory/optional groups as stated for the individual option route.

MANDATORY (Total 7)

- VR235 v3 Contribute to the piling operation
- VR402 v2 Slinging and signalling the movement of suspended loads
- VR641 v2 Conform to general workplace health, safety and welfare
- VR642 v1 Conform to productive work practices
- VR643 v1 Move, handle or store resources

Plus

Optional (two from the following)

- VR388 v2 Operate plant or machinery to extract
- VR396 v2 Direct and guide the movement of vehicles, plant or machinery
- VR400 v3 Operate powered units, tools or pedestrian plant, machinery or equipment
- VR404 v2 Erect and dismantle plant (cranes and rigs)
- VR760 v1 Control, direct and guide the operation of plant or machinery
